

In-Line 950 -2150 MHz Amplifier

Features

- Diecast housing
- Low noise: 4 dB
- High gain: 20 dB
- Passes DC through for powering LNBS
- Sloped gain for long cable runs
- Five-year limited warranty

Specifications

Noise Figure:	4 dB	Maximum Output:	30 dBmV (12 channels)
Gain:	950 MHz: 15 dB	DC Voltage:	15 to 18 Vdc (negative ground)
	1450 MHz: 18 dB	Connectors:	"F" type
	1750 MHz: 20 dB		
	2150 MHz: 21 dB
